

Multilateral Negotiations are

Our PASSION

In MUN, participants work together to solve the world's biggest problems: war, poverty, climate change, discrimination, terrorism, cyber-security, and more.

Participants learn about public speaking, debating, negotiation, critical thinking, resolution writing, research, teamwork, and leadership. These all valuable skills for college, career, and lifelong learning. At MENAMUN, you will learn all this and more.

And MUN is fun! Participants get to travel, make friends, and meet peers from across the globe.

Our participants learn from MUN instructors with more than 3+ years of experience and the Best Delegates in previous editions. They learn how to be the Best Delegate: by bringing out the best in others.

After MENAMUN, participants start NGOs and students clubs, organize conferences, win awards and get scholarships. But many others start their start-ups, projects or working in civil or public sectors.

We started MENAMUN because we know MUN changes lives. Personally, MUN gave us the skills and confidence we needed to get into working at international organisations, find and start a global education and a professional career.

We know that MUN has changed not only our lives, but the lives of our friends and our fellow colleagues, because MUN prepares today's youth to become tomorrow's leaders. And the youth who do MUN today will change the world one day.

We invite you to attend the International Model United Nations of Middle East and North Africa. We hope to see you this summer!

Next Conference
Hammamet, Tunisia
25 to 29 July 2020

What they say about MENAMUN?

"MENAMUN is a great experience for students and young professionals from all over the World. MENAMUN strives for a high quality, academic and authentic international MUN conference with an excellent program and professional team. It allows participants to learn and experience how international Organizations not just the United Nations but as well other Institutions work and negotiate policy agreements. It is a truly great experience for every social and open-minded person interested in World affairs, developing themselves and building a great CV for a brilliant future.

It is more than just a MUN!"

Samia Loucif, from Algeria, participated in 2017 as a Delegate and in 2018 as a Co-chair and in 2019 as a Chair & Coordinator

International Model United Nations
of Middle East and North Africa
